

RETURN OF CHURCH MEMBERSHIP – 2009

Parish ref

/

for the Parish/Church of

.....
If the Return includes figures for other parish, district or mission churches, please enter their names below:

CHURCH ATTENDANCE

Number of persons attending services on a normal Sunday - see notes below and table overleaf

(a) **under** 16 years of age - total B divided by total A - note 5

--

(b) 16 years of age **and over** - (total C minus total D) divided by total A

--

Are you able to identify any factors (e.g. changes in the pattern of services) which would explain any major differences between figures returned this year as compared with those of last year? If so, please briefly describe them:

NOTES FOR GUIDANCE

1. Baptism and Communicant numbers are now collected on the Statistics for Mission form issued by the Statistics Department of the Archbishops' Council. The weekly attendance figures collected on this form are an integral part of the present share assessment process and may be used in the calculation of share for 2010.
2. To assist in the calculation of attendance on normal Sundays, there is a table on the back of this sheet on which the figures from the Service Register can be summarised. All Sunday services should be included in this return; this includes services of baptism held separately from Sunday worship. Calculate the figures required above by adding the figures for the 'normal' Sundays and dividing by the number of such Sundays (not by 52).
3. For statistical purposes a 'normal' Sunday:
 - (a) excludes major festivals, peak holiday times and unusually 'low attendance' Sundays
 - (b) excludes Sundays when there are significant numbers of attenders who would not consider themselves to be members of the church. (civic services, special baptism services, etc).Not more than one quarter of the Sundays on which services took place should be considered as abnormal.
4. People attending more than one service in the parish on a Sunday (including officiants) should be counted every time in the adult attendance column. As far as possible, their second (and other) attendances should be recorded in the multiple attendance column. The attendance figures should include communicants.
5. Include young children if they are in church **for any part** of the Sunday service.

Please return as soon as possible after 31 December 2009 to
The Diocese of Bristol, Church House, 23 Great George Street, Bristol, BS1 5QZ.
